Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Certain things are really worth knowing before or ahead of time while you tour or visit Key West. For example, all the museums close at five o'clock or hours before, far earlier than anyone might expect. Enough said? Yet, this book will also present important things differently than ANY other source to make things stand out, be easier to find, etc., so you can use them to your advantage. For instance, all maps do show A1A's route around and through the island, but they certainly do not list its total of 6 separate, yet multiple names. Also included are answers to frequently asked questions, even curiosities, such as where all the chickens and roosters came from and why. Although this mostly contains prudent, practical advice, interesting insights and various other suggestions have been included to maximize your joy as you journey. Obviously, this is NOT just another book or even an insider's guide advising the same old stuff, such as the best places to stay and eat. Rather, this is my gift back to all of you tourists who have been especially inspirational to me all these years, encouraging me to write all my books--this one's for you! P.S. Why wait or depend on book reviews, which could easily be false or fixed? Why let someone else tell you what to read or what's good--can't you do that yourself--aren't you worth it? Empower yourself! You be the judge! Here's why: If you feel charmed, interested, inspired or graced, etc., by this, go with it, bring it on, because guess what--it's your OWN gut feeling, aka God, grace calling you! Heaven...
