Bosques y florestas

By Vv.Aa

H.BLUME, 2002. Condition: Nuevo. El presente libro ofrece una panorámica crítica de los autores y las películas producidas en el periodo comprendido entre 1996 y 2003, coincidiendo con los años de gobierno del Partido Popular. Es, por tanto, historia del presente que ya se ha transformado en pasado. Su autor aborda esta época con ecuanimidad, sin rencores ni prejuicios, procurando evitar lugares comunes o juicios de valor demasiado aventurados. Así lo testifica el historiador Gabriel Cardona en su combativo prólogo. Desde el «oscarizado» Pedro Almodóvar hasta el popular José Luis Garci -también premiado por la Academia de Hollywood-, pasando por 80 filmes significativos de esos años y el fenómeno del Joven Cine español, todo queda reseñado apasionadamente en este libro, que se convierte así en una referencia indiscutible para cualquier persona interesada en la materia. Completo panorama crítico del cine español entre 1996 y 2003, abordado con ecuanimidad y sin lugares comunes, en el que se estudia desde el cine de Almodóvar hasta el de José Luis Garci, pasando por ochenta de los filmes más significativos del periodo y por el fenómeno del Joven Cine Español.

Reviews

Without doubt, this is actually the very best function by any article writer. it was writtern quite flawlessly and valuable. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- **Prof. Isobel Heller MD**

Excellent e-book and useful one. It is writter in straightforward phrases rather than confusing. I am just very happy to explain how here is the finest publication i have got read through in my very own lifestyle and might be he greatest book for possibly.
