Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Surgical Clinics of North America, Vol. 2: August 1922; Boston Number Her health was much improved by the operation, and she has felt very well until about a month ago, when she began to have severe pain in the epigastrium, with indigestion and loss of appetite. Although her symptoms do not point to any pelvic trouble, we will first examine her to determine the local result of her operation. I find, on bimanual examination, a small, indurated, smooth mass just to the left of and posterior to the cervical stump. It is somewhat smaller than an English walnut. Can you feel what I describe?
