Createspace Independent Publishing Platform, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you're a networker and want to find a way to close more business, to have more clout with cold market, if you want to stop sponsor-shoppers, and to close your prospects without the need of your upline, if you want to be more confident because your prospect is pre-sold on you, then this is YOUR BOOK! Welcome to all the shortcuts, insider branding methods, and Internet secrets for pre-qualifying prospects that all the big names use, and you can too. What is the difference between you and your successful upline? Why is it your successful upline can take people through the process and you feel you can't? When you are the expert, your entire posture over the phone will change. Why? Because when you know that your prospect is pre-disposed to believe and respect you - your phone delivery changes. Your prospect feels good about you, and feels privileged to follow you through the process. They might say no, but it's a real no, a no after the process ends. But the more people you take entirely THROUGH the process, the more yes's you will have. Your closing rate will soar. Not only that, those no's will stay in your autoresponder system longer now, and you'll be surprised that a few months later, they...
