

Human Research Protections: Working with the Irb (Paperback)

By Patricia Ph D R N Arford

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The process of human research is an increasingly complex endeavor with a multitude of occasions to potentially cause harm to subjects, violate federal regulations intended to protect human subjects, abuse Protected Health Information, and corrupt data. Human research in the United States is highly regulated and an Institutional Review Board for Human Research (IRB) is the local enforcer. Out of necessity, IRBs have multiple requirements, policies, and forms designed to ensure compliance with federal regulations and state laws governing human research. These mandates represent an ethical process used to protect human subjects, investigators, and organizations. This book is a comprehensive, practical guide to assist investigators, their study teams, and healthcare graduate students to effectively and efficiently interact with IRBs. Also, both experienced and novice IRB members will find this book provides a clear foundation for their decision making. The author has condensed the available human research protections conceptual and legalistic information into a basic, concise, functional guide that those involved in human research readily can apply to their own research questions, settings, and populations. The researcher will be able...
