

Inside Biosphere 2: Earth Science Under Glass (Hardback)

By Mary Kay Carson

HOUGHTON MIFFLIN, United States, 2015. Hardback. Book Condition: New. 287 x 234 mm. Language: English . Brand New Book. In the Arizona desert, scientists conduct studies and experiments aimed to help us better understand our environment and what sort of things are happening to it due to climate change. The location is Biosphere 2, an immense structure that contains a replica ocean, savannah, and rainforest, among other Earth biomes. It s a unique take on the Scientists in the Field mission statement in this case, the lab is a replica that allows the scientists to conduct large-scale experiments that would otherwise be impossible.

Reviews

I just started out reading this ebook. We have read and so i am certain that i am going to gonna study yet again again in the future. I found out this book from my dad and i encouraged this publication to find out.
