Brand New Book ***** Print on Demand *****.Clairvoyance means clear seeing, into the future, into the past, into other dimensions and beyond the physical eye range. We all possess clairvoyant powers, but the modern busy world means that we do not often use them and so we may miss opportunities and hazards. But you can easily learn to use these powers to make decisions and to see what lies ahead. You can also discover past lives and see your angels and spirit guides. Clairvoyance works mainly through seeing images though you may also get information in words and as feelings or impressions. You may see these symbols in your mind or within a large crystal you can use for focusing your clairvoyant powers, for example a crystal ball or a crystal pyramid. One of the most effective and easiest methods is the crystal ball Crystal balls Clear natural quartz crystal balls with marks that look like cracks, inclusions and sparkling rainbows are best for clairvoyance. Some people mistakenly think these are broken but ones that are totally clear inside are much harder to use. Anyone can read a crystal ball with markings in it as the cracks form physical images that help the psychic or clairvoyant eye to pick up the hidden psychic information they hold. Clear quartz crystal can be used in sunlight, moonlight, or by candlelight.
