Scarce Goods: Justice, Fairness and Organ Transplantation

By Tom Koch

ABC-CLIO, United States, 2002. Paperback. Book Condition: New. New.. 229 x 155 mm. Language: English . Brand New Book ***** Print on Demand *****.In 1841 the American sailing ship William Brown struck an iceberg. About half of the passengers and all of the crew were saved in two small, open boats. The next night, half of the passengers in the larger long-boat were thrown overboard because the boat was overfull. This was the first case of lifeboat ethics, of hard choices in the face of scarcity. Since then the question has been who should die so that others, equally needy, might live? Both the case of the William Brown and the ethics it spawned have been used in recent years to describe the problem of health care rationing generally, and organ transplantation specifically. Koch reexamines and reinterpretes the paradigm case of lifeboat ethics, the story of the William Brown, not as an unavoidable tragedy, but as an avoidable series of errors. Its relation to more general issues of distributive justice are then considered. The lessons learned from both the historical review and its application to distributive principles are then applied to the problem of graft organ distribution in the United...
