Greenway Institute, United States, 2014. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book ***** Print on Demand *****.Energy and the environment are the greatest challenges of our generation. We want to make a difference, but how do we move beyond our own backyards? How can we change the world for the better on a large scale? As our country's founders and other leading minds know, we can improve the world through education. We are ripe for a revolution in higher education. We need institutions that are student-centered, hands-on, mentor-based, and focused on making our world a better place. Introducing Greenway College. Currently in the planning stages, Greenway College is an immersion-based learning and research community where members live and study topics within sustainable technology, science, and engineering. Greenway College operates on the GreenZERO Principle, utilizing zero nonrenewable energy and outputting zero waste, all with zero sacrifice of comfort, reliability, and technology. Greenway will be the first such institution and will set a precedence for a new educational and societal system where people, technology, business, and the environment mesh seamlessly to improve our world for all her peoples. Greenway College is not just a utopian dream. Here, today, it is within our reach. In this book, Troy O. McBride shows you Greenway's amazing possibilities . and how you can help turn the vision into reality.
