Dover Publications Inc., United States, 1973. Paperback. Book Condition: New. New edition. 210 x 134 mm. Language: English . Brand New Book. Alexander Calder, the renowned sculptor and inventor of mobiles, here brings his characteristic simplicity of line and spirit of movement to the art of animal sketching. The purpose of the book is to help the student to draw animals as he or she sees them. Also included are drawings of seals, elephants, squirrels, kangaroos, and a bear. Because of the simplicity of Mr. Calder s approach to sketching, this book can easily be used by even the youngest of students. There are no difficult techniques to master here, no roundabout methods of construction, but just an insistence on drawing things as the...
