Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Works of Edgar Allan Poe Volume 1 The Raven Edition Edgar Allan Poe The works of American author Edgar Allan Poe (January 19, 1809 - October 7, 1849) include many stories. His fiction spans multiple genres, including horror fiction, adventure, science fiction, and detective fiction, a genre he is credited with inventing. These works are generally considered part of the Dark romanticism movement, a literary reaction to Transcendentalism. Poe s writing reflects his literary theories: he disagreed with didacticism and allegory. Meaning in literature, he said in his criticism, should be an undercurrent just beneath the surface; works whose meanings are too obvious cease to be art. Poe pursued originality in his works, and disliked proverbs. He often included elements of popular pseudosciences such as phrenology and physiognomy. His most recurring themes deal with questions of death, including its physical signs, the effects of decomposition, concerns of premature burial, the reanimation of the dead, and mourning. Though known as a masterly practitioner of Gothic fiction, Poe did not invent the genre; he was following a long-standing popular tradition.
