LESS THAN HUMAN (PAPERBACK)

Collimator Press, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Ever want to be a doctor or wonder how a physician feels about healthcare? Follow one man's steps through medical training and his reflections on the process. Less Than Human is a physician's experience and insider perspective into the abusive and corrupt academic, political and legal systems one navigates to succeed in medicine. Unfortunately, healthcare focus is now taken off the patient and instead diverted to total government submission, Compliance . Besides the bone crushing debt imposed by the higher education system, medicine is practiced under heavy-handed political, litigious and media influence; this book offers insight and critique of the American political, media and legal systems which undermine the Doctor-Patient relationship. The greatest coup in healthcare is propaganda convincing people to mistrust their doctors and have blind faith in politicians. If you ever intend to be a physician or a patient, this book applies to you. Many of the issues presented in this book weigh heavily on doctors but also spillover into many aspects of society.
