

From Postdemocracy to Neo-Democracy

By Klaus Von Beyme

Springer-Verlag Gmbh Okt 2017, 2017. Taschenbuch. Condition: Neu. Neuware - This book of a renowned political scientist and specialist in political theory fundamentally challenges the new fashion of post-democracy by offering an outlook on 'neo-democracy'. The political periods are similar to epochs in modern art, where 'neo' succeeded Post-impressionism and Post-expressionism. This book reviews the topical debate on postdemocracy and scenarios of decline in democratic theory without the alternative of dictatorship. It discusses criticism of politics in the old and new media and a new culture of protest. It addresses new forms of participation and the dangers of populism and right-wing extremism. It proposes institutional reforms of democracy, of the parliamentary system and the party state, in negotiations of coalition-building, in governmental declarations and for the policy output. The book concludes with a debate of normative models of democracy from 'Post-democracy' to 'Neo-democracy', models of justice and theories of democratic reform. 127 pp. Englisch.
