The Power of Focus Application: Training Your Mind to Work for You! (Paperback)

By Dr Leland D Benton

Createspace Independent Publishing Platform, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Mind Sciences - The Power of Focus Application - Targeting the Human Mind describes in detail the science behind the power of focus and application, how to improve focus, improving focus, focus power, increase focus, and memory improvement. The human mind concentrates or is targeted on something or some object but can be focused on something else. A good example of this is reading a book but your mind is wandering on another subject; maybe a problem or a person or whatever. I know everybody has had this occur in their lifetime; many all too often. Focus Application, when taken in concert, will allow an individual the ability to achieve whatever is focused upon. Written by one of the nation's leading behavioral scientists, Dr. Leland Benton is the author of over two dozen self-help books and nonfiction behavioral science texts. He is a best-selling Amazon author with over 200-books published on Amazon alone. This fascinating study is a must-read book because it unlocks the power of the human mind. Get your copy today!
