Reviews

This book is definitely not effortless to start on reading through but extremely fun to learn. Better then never, though i am quite late in start reading this one. It is extremely difficult to leave it before concluding, once you begin to read the book.

Penguin Books Ltd, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Nobel Laureate Joseph Stiglitz explains why we are experiencing such destructively high levels of inequality - and why this is not inevitable The top 1 percent have the best houses, the best educations, the best doctors, and the best lifestyles, but there is one thing that money doesn't seem to have bought: an understanding that their fate is bound up with how the other 99 percent live. Throughout history, this is something that the top 1 percent eventually do learn - too late. In this timely book, Joseph Stiglitz identifies three major causes of our predicament: that markets don't work the way they are supposed to (being neither efficient nor stable); how political systems fail to correct the shortcomings of the market; and how our current economic and political systems are fundamentally unfair. He focuses chiefly on the gross inequality to which these systems give rise, but also explains how inextricably interlinked they are. Providing evidence that investment - not austerity - is vital for productivity, and offering realistic solutions for levelling the playing field and increasing social mobility, Stiglitz argues that reform of our economic and political systems is not just fairer, but is the only way to make markets work as they really should. Joseph Stiglitz was Chief Economist at the World Bank until January 2000. He is currently University Professor of the Columbia Business School and Chair of the Management Board and Director of Graduate Summer Programs, Brooks World Poverty Institute, University of Manchester. He won the Nobel Prize for Economics in 2001 and is the best-selling author of *Globalization and Its Discontents*, *The Roaring Nineties*, *Making Globalization Work* and *Freefall*, all published by Penguin.
