ROSS FOREWORD WHILE the Fascist regime still existed in Italy, many English people were puzzled to know what degree of reality lay behind the ambitious projects and promises of the Fascist leaders. Mr. MinioPaluellos book presents English readers with a very thorough and interesting account of what Mussolini himself called the most Fascist of all Fascist reforms the reform of education. In order to understand the Fascist reforms, it is necessary to understand the educational system which they were intended to remould in the interests of the imperial destiny of Italy, and of the spirit which was to bring that about. Accordingly the first Part of the book gives an account of the history of Italian education from the Risorgimento to the dawn of the Fascist regime, starting with the Lex Casati of 1859 which established the general framework of Italian education, and describing the minor changes effected by later Ministers of Education. The second Part describes the early Fascist reform carried out by Gentile in 1923, that strange combination of genuine idealism and humanism with a cloudy and bombastic philosophy. The third Part deals with the series of changes aimed at rendering education more completely Fascistic, but having as their main features growing interference with the liberty of teachers and growing unsettlement of the lives of their pupils. The fourth Part deals with Bottai's School Charter of 1939 modelled on his own Carta del Lavoro of 1927, which established Italian education in the form which it retained until the fall of the Fascist regime. Mr. MinioPaluello is not only an accomplished scholar he had the disadvantage as a...
