The Morning of the Magicians: Secret Societies, Conspiracies, and Vanished Civilizations (Paperback)

By Louis Pauwels, Jacques Bergier

Inner Traditions Bear and Company, United States, 2008. Paperback. Condition: New. 4th Edition, New ed.. Language: English . Brand New Book. The groundbreaking and classic study that first popularized occultism, alchemy, and paranormal phenomena in the 1960s - Provides profound insights into our perceptions of reality, telepathy, mutants, and parallel universes - Reveals the occult influences on the Nazis and introduces the alchemist Fulcanelli and the work of Charles Fort and Gurdjieff - Over Half a Million Copies Sold This groundbreaking, international bestseller, first published in 1960, couples profound insights into the hidden history of humanity and our perceptions of reality with the scientific evidence that supports the existence of paranormal activity, telepathy, and extraterrestrial communications. The first book to explore in depth the Nazi fascination with the occult, Pauwels and Bergier also broke new ground with their study of pyramidology, alchemy and its close kinship with atomic energy, and the possibility of a widespread mutation of humanity that would herald the dawn of a new age for the earth. Their study of secret societies, starting with the Rosicrucians, suggests that such changes are actively being pursued in the present day by a conspiracy of the most spiritually and intellectually...
