

Geography of Nowhere: The Rise and Decline of America's Man Made Landscape (Paperback)

By James Howard Kunstler

Simon Schuster Ltd, United Kingdom, 1994. Paperback. Condition: New. Reprint. Language: English . Brand New Book. Eighty percent of everything ever built in America has been built since the end of World War II. This tragic landscape of highway strips, parking lots, housing tracts, mega-malls, junked cities, and ravaged countryside is not simply an expression of our economic predicament, but in large part a cause. It is the everyday environment where most Americans live and work, and it represents a gathering calamity whose effects we have hardly begun to measure. In *The Geography of Nowhere*, James Howard Kunstler traces America's evolution from a nation of Main Streets and coherent communities to a land where everyplace is like no place in particular, where the city is a dead zone and the countryside a wasteland of cars and blacktop. Now that the great suburban build-out is over, Kunstler argues, we are stuck with the consequences: a national living arrangement that destroys civic life while imposing enormous social costs and economic burdens. Kunstler explains how our present zoning laws impoverish the life of our communities, and how all our efforts to make automobiles happy have resulted in making human beings miserable. He shows...
