Robert William Pearce, United Kingdom, 2009. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.The Theory and Solution of Jetlag is based on the earth s magnetic field and the behaviour of migrating birds. There is a copy of a letter from the Civil Aviation Authority which states they were extremely interested in my observations on blood clotting in aircraft. Some eminent scientists were upset on my theory for a remedy for rheumatoid arthritis. An interesting theory is how earth originated from the sun, and its varying orbits. Other theories are how our weather has been the inspiration for many famous people and leaders of men having delusions of grandeur. There is a copy of a letter from 10 Downing Street to say that the Prime Minister, Tony Blair, had carefully noted my views on a balance between the private and public sector particularly when tendering for work. I have an idea for solving the problem of violence in aircraft. The easiest way to Australia is the most amusing concept. I express my views on our race being very much the survival of the fittest .
