GRIN Publishing, Germany, 2009. Paperback. Condition: New. 1. Auflage. Language: English . Brand New Book ***** Print on Demand *****.Seminar paper from the year 2009 in the subject English - Literature, Works, grade: 1,3, Ernst Moritz Arndt University of Greifswald (Anglistik/Amerikanistik), course: Psychological Approaches to British Fiction, language: English, abstract: Since the early beginning of literature the double motif has served in its different models to trace the features of the ego, individuality and perception. The double plays an important role in literature: it portrays confusion and transformation, reflects inner desires and spreads anxiety. But the phenomenon is not just an invention of literature. Again and again people claim to see oneself like some famous persons such as Catharine the Great and Johann Wolfgang von Goethe. In Das Unheimliche Freud deals with the background of the double motif. He interprets the phenomenon from its probable beginning in mythology till the masterly usage of it in E.T.A Hoffmann's Sandman. In section two of this term paper I will give an overview of the double motif in literature. For this, I will explain the development of the term and its psychological implications. The third section will constitute the main part of the paper: I will...
