

A Bad Reaction: A Memoir (Hardback)

Filesize: 2.89 MB

Reviews

A whole new eBook with a new point of view. It can be rally fascinating throgh studying period of time. I am delighted to explain how this is actually the finest book i have read through during my very own life and could be he best publication for at any time.
(Scarlett Stracke)

A BAD REACTION: A MEMOIR (HARDBACK)

Skyhorse Publishing, United States, 2016. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. A mother's story of raising an autistic son, navigating the vaccine court, and confronting the widespread denial of a link between vaccines and autism. At four months old, Porter Bridges went in for his well-baby checkup and received an array of vaccines. That night he spiked a 105-degree fever and had a two-hour grand mal seizure. He was rushed to the hospital where doctors struggled to stabilize him while his family paced the halls waiting to hear if he was conscious. Though no one could know it at the time, Porter's hospitalization marked the start of a terrifying and tragic decline in his health and the health of his family. And while the effects of Porter's reaction would take years to fully develop, the cause was never in doubt--Porter's hospital record reads, Brain injury from pertussis vaccine. Cognitive dissonance is the psychology term for that queasy feeling we get when things just don't line up. Here are the facts: Porter is a healthy infant one moment and has brain damage the next. The CDC says vaccines are always safe, but the National Vaccine Injury Compensation Program awards Porter's family millions of dollars to pay for his pertussis injury. The CDC sends a press release saying vaccines never cause autism. That afternoon, government funds pay for Porter's autism therapy. He goes three times a week. A Bad Reaction is a personal journey--sometimes painful, sometimes funny. It confronts the dissonance between what the government tells us about the vaccine-autism link and its secret payments compensating the vaccine-injured. It tackles broader issues such as individual versus government responsibility, the conflicts of interest in vaccination-safety research, and the...
