Elsevier Science Publishing Co Inc, United States, 2015. Hardback. Book Condition: New. Language: English . Brand New Book. Evidence base in 2015 remains a subject of controversy for surgeons related to its application in surgery that cannot be approached as it is in medical evidence. Academic surgeons acknowledge that evidence base is necessary and private practitioners know it is woven into the fabric of their practice. Dr. Lisa Ishii and Dr. Travis Tollefson, editors of this publication, are at the forefront of clinical use of and research into evidence based surgery. The Oxford Centre system of evidence is used for this issue. Currently, evidence is dominant in the reconstructive aspect, moreso than the cosmetic aspect; as such, this resource focuses on the nerve and microvascular procedures. Topics include Facial vascular anomalies, Cleft lip and palate; Trauma; Facial reanimation; System reviews and metanalyses; and Skin care, Laser treatments; and Rhinoplasty. Audience for this resource is facial plastic surgeons, otolaryngologists, plastic surgeons, laser therapists, dermatologists, and skin researchers.
