

Fifty Years Among the Bees (Paperback)

Filesize: 9.14 MB

Reviews

It becomes an awesome publication that I actually have actually read. It really is written in simple terms and not difficult to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Talia Cormier)

Dover Publications Inc., United States, 2006. Paperback. Condition: New. Language: English . Brand New Book. One of the few people of his time who actually made a living from bees, C. C. Miller made beekeeping his sole business, beginning as a hobby in 1861 and continuing until his death in 1920, following a long and distinguished career that produced many articles and books on the subject. This volume, long a classic within the beekeeping community, is a practical, yet endlessly charming handbook on all aspects of a romantic and arcane pursuit. Offering advice, observations, and information gleaned from more than a half-century of beekeeping, it covers, among many other topics, the importance of keeping hives clean and well-ventilated, mending combs, maintaining proper hive temperatures, winter storage, the Queen s nursery, harvesting honey, plus a special section of recipes that range from honey cake to salves for frostbite. Written by a major figure in apiculture history, this volume remains a standard text on hive management and the practices and principles of efficient, effective beekeeping.
