The Evolution of Responsabilite Du Fait Des Choses in French Tort Law: : An Overview and Comparison with Maltese Tort Law on the Indirect Liability for Things (Paperback)

By N P (Dip) LL D Dr Samuel Bezz LL B

Createspace Independent Publishing Platform, United States, 2014. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This book will compare various different European Tort law regimes with emphasis on indirect liability for things. French courts seem to have developed the notion of responsibility without fault in such a way and to such an extent that it seems, prima facie, that the custodian is responsible for any damage which is caused by the thing under his custody, and that he cannot simply prove the absence of his fault in order to escape liability. The thesis looks at the mechanisms of this notion, together with the possible exonerations available as a defence for the defendant. The rigorous approach to civil responsibility in the Code Civil had to be revised by jurists at the end of the nineteenth century. This is mainly because the precarious condition of victims of accidents of work necessitated such re-evaluation. In most countries, liability is based on the classical notion of fault. Germany was the first country to deviate from the principle of fault, although this was originally very limited and only a closed group of victims could benefit. Originally, the wording of the...
