Hopewell, United Kingdom, 2008. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Astrology brought to life in a practical and meaningful way. Joyce Hopewell has been principal of the UK Astrological Psychology Institute for 17 of its first 25 years, bringing the teachings of Swiss astrologers/psychologists Bruno and Louise Huber and their system of astrological psychology to the English-speaking world. In 2004, with co-author Richard Llewellyn, Joyce wrote The Cosmic Egg Timer, which has proved a popular introduction to the Hubers work, itself now documented in a series of eight volumes on astrological psychology. In The Living Birth Chart, Joyce provides a deeper, more practical workbook, based on her many years of experience in facilitating popular workshops. This book aims to provide insight into the full power of the Huber Method and give a feel for its practical use. Numerous examples and practical exercises are included, enabling the reader to experience the approach for themselves, and develop their own understanding. This book will be of interest to the general reader seeking more insight into themselves and their own growth process. It will particularly interest astrologers, psychologists and counsellors who are not familiar with the Huber approach, but wish to gain insight into it. Current and past API(UK) students will also find The Living Birth Chart a helpful supplement to their studies.
