A FATHER S SILENT CRY: A JOURNEY OF HEALING (PAPERBACK)

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. I wrote this to bring life to a child who never dwelled among us-to give a voice to one who no longer has a voice, as he can no longer be heard. I wrote this to open the eyes of women who might be considering abortion. I wrote this for men who fear being fathers. I wrote it for myself, because though I lived through it, I needed to work through it. I had to tell my story to complete my healing. This book is my story about how my wife s abortion affected me. I hope to share it with millions of men who may have been where I once was.or are there now. Abortion not only destroys children s lives; it scars the men who have fathered them-the unheard children. I pray my voice would speak to the fathers of these unborn children who cannot speak for themselves so they will be heard. I chose to write this book in a narrative style. My goal is to show that while the parents decide the fate of their unborn children, their children do not think of themselves as being anything or anyone less than sons and daughters. If you are considering abortion, I ask that you read this with an open mind and heart. Men, be sure to read this with the woman in which your unborn child dwells. Women, be sure to read this with your child s father. My hearts desire is that in reading or story, you will decide there are options to abortion.
