

The Alchemy of Happiness: Three Stories and a Hybrid- Essay (Paperback)

By Jason Erik Lundberg

Createspace, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The Alchemy of Happiness a triptych of stories rooted in Southeast Asian myth and legend, literary fantasy at its very best. In the beginning were the four: Water, Fire, Air, and Earth. Arriving simultaneously with the creation of the world, these archetypal elementals shaped humanity from the very start; two of the four continue to do so. BLUE-The first trickster, fluid and fickle, holder of all the answers, and, therefore, of all the power. DANE-The loyal lieutenant and enforcer, dispatching fiery judgment without question. In various guises and forms, through the interstices of our reality and multiple afterlives, these two ancient but flawed siblings seek to find the one metaphysical formula that will lead them out of the never-ending cycle of suffering. This volume also features Embracing the Strange, a 14,000-word hybrid essay on the transformative power of speculative fiction, as well as Represented Spaces, a wide-ranging interview with Jason Erik Lundberg by author and editor Wei Fen Lee. The writing is smooth and crisply visual, and the dialog sparkles . Go with the flow, and you ll meet an interesting character...

Reviews

This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.
