

Java: Learn Java in 2 Hours! (Paperback)

By Cooper Alvin

On Demand Publishing, LLC-Create Space, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Welcome Future Coder! Are You Ready To Learn And Start Programming With Java In 2 Hours? Java is a cross-platform, high-level language that was developed by Sun Microsystems under the leadership of James Gosling. The first version of this language was released in 1995 in the form of Java 1.0 [J2SE]. Since then, Java has come a long way and we are presently working on Java 8. Besides this, several versions of Java like J2ME (Java for mobile applications) and J2EE (Java for enterprise applications) have also released. Java was released as open source software under GNU GPL by Sun in 2006. The process of this transformation was completed in 2007. This book is a beginner's course on Java fundamentals. Therefore, it has been created keeping in mind that the reader has little to know background knowledge about Java. However, a little background of programming languages shall be helpful for better understanding. Through this course, we hope to instill the basics of programming in the reader from the perspective and with special focus on Java. Here Is A Preview...
