REWORKING THE WORKSHOP: MATH AND SCIENCE REFORM IN THE PRIMARY GRADES

Heinemann USA, United States, 2002. Paperback Book Condition: New. 220 x 203 mm. Language: English . Brand New Book. Daniel Heuser knows that lasting educational reform comes not from the reports of policymakers, but from advances in research and the experiences of classroom teachers searching for a better way to educate their students. In Reworking the Workshop he offers a plan to dramatically improve how your students construct math and science understanding. Underpinning his book are three important ideas based...

Reviews

This ebook might be worth a read, and superior to other. It is probably the most remarkable book i have got read. Its been designed in an remarkably straightforward way and it is merely soon after i finished reading this publication where really modified me, alter the way i really believe.
