

Liberty and Coercion: The Paradox of American Government from the Founding to the Present (Paperback)

Filesize: 4.55 MB

Reviews

These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.
(Everett Stanton)

LIBERTY AND COERCION: THE PARADOX OF AMERICAN GOVERNMENT FROM THE FOUNDING TO THE PRESENT (PAPERBACK)

[DOWNLOAD](#)

Princeton University Press, United States, 2017. Paperback. Condition: New. Revised edition. Language: English . Brand New Book. American governance is burdened by a paradox. On the one hand, Americans don't want big government meddling in their lives; on the other hand, they have repeatedly enlisted governmental help to impose their views regarding marriage, abortion, religion, and schooling on their neighbors. These contradictory stances on the role of public power have paralyzed policymaking and generated rancorous disputes about government's legitimate scope. How did we reach this political impasse? Historian Gary Gerstle, looking at two hundred years of U.S. history, argues that the roots of the current crisis lie in two contrasting theories of power that the Framers inscribed in the Constitution. One theory shaped the federal government, setting limits on its power in order to protect personal liberty. Another theory molded the states, authorizing them to go to extraordinary lengths, even to the point of violating individual rights, to advance the good and welfare of the commonwealth. The Framers believed these theories could coexist comfortably, but conflict between the two has largely defined American history. Gerstle shows how national political leaders improvised brilliantly to stretch the power of the federal government beyond where it was meant to go--but at the cost of giving private interests and state governments too much sway over public policy. The states could be innovative, too. More impressive was their staying power. Only in the 1960s did the federal government, impelled by the Cold War and civil rights movement, definitively assert its primacy. But as the power of the central state expanded, its constitutional authority did not keep pace. Conservatives rebelled, making the battle over government's proper dominion the defining issue of our time. From the Revolution to the Tea Party, and the Bill...
