

Marketing Sovereign Promises: Monopoly Brokerage and the Growth of the English State (Political Economy of Institutions and Decisions)

Filesize: 6 MB

Reviews

Absolutely essential study book. It normally fails to price excessive. I realized this ebook from my dad and i encouraged this publication to find out.

(Mariela Stroman)

MARKETING SOVEREIGN PROMISES: MONOPOLY BROKERAGE AND THE GROWTH OF THE ENGLISH STATE (POLITICAL ECONOMY OF INSTITUTIONS AND DECISIONS)

Cambridge University Press. Paperback. Condition: New. 175 pages. How did England, once a minor regional power, become a global hegemon between 1689 and 1815 Why, over the same period, did she become the worlds first industrial nation Gary W. Cox addresses these questions in Marketing Sovereign Promises. The book examines two central issues: the origins of the great taxing power of the modern state and how that power is made compatible with economic growth. Part I considers Englands rise after the revolution of 1689, highlighting the establishment of annual budgets with shutdown reversions. This core reform effected a great increase in per capita tax extraction. Part II investigates the regional and global spread of British budgeting ideas. Cox argues that states grew only if they addressed a central credibility problem afflicting the Ancien Rgime - that rulers were legally entitled to spend public revenue however they deemed fit. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
