Homegrown Marijuana: Create a Hydroponic Growing System in Your Own Home

By Joshua Sheets

Cool Springs Press. Paperback. Condition: New. 192 pages. Use the perfect method for growing the small amounts of marijuana needed for medical use, easily, organically, and year-round, with a simple hydroponic system. Most people who are interested in growing medical marijuana at home aren't experienced in growing marijuana; they've just found themselves in a medical situation where it can help. The most efficient and intensive method of cultivating marijuana, especially on the small-scale grower level, is by hydroponic gardening. Also, hydroponic methods lend themselves easily to organic standards and rarely require pesticides. With step-by-step instructions and photos, hydroponics and marijuana-growing expert Joshua Sheets shows how to create, build, maintain, and harvest a hydroponic marijuana garden. He even includes information on the best nutrient solutions and breeding plants. Over 25 million Americans are potentially eligible to use medical marijuana based on their diagnoses, yet fewer than 800,000 currently do. As more eligible patients opt for alternative treatment options such as marijuana, a rising amount of medical marijuana will need to be produced to keep up with demand. Most states that permit medical marijuana growing allow the license-holder to grow a certain number of plants for home or medical use. Whether...
