

The Road to Stability and Prosperity in South Eastern Europe

Filesize: 4.55 MB

Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.

World Bank Publications. Paperback. Book Condition: new. BRAND NEW, The Road to Stability and Prosperity in South Eastern Europe, World Bank, 'There is no denying that achieving social and political stability and sustainable development will take years for most countries. Nor will progress towards these goals be smooth or automatic. Several factors indicate how difficult this road will be.' The past decade of transition and conflict has left the South East European region with a legacy of inadequate growth and declining living standards. In the past several years, overall growth has declined, increasing the gap between these economies and the rest of Europe. More alarming is that there has been a deterioration in living standards, as evidenced by higher poverty, inequality, and unemployment. The reasons for the poor economic performance are varied. The most destabilizing factor, of course, has been the regional conflicts, which have devastated the area, undermined structural reform policies, and discouraged foreign investment. Much of the economic development, social inclusion, regional stability in South Eastern Europe will depend on strengthening of institutions, governance, and a lowering of the level of corruption. This report, prepared in response to the mandate given to the World Bank and the European Commission under Article 41 of the Stability Pact to coordinate a regional approach to South Eastern Europe, outlines four broad thrusts for action. These actions are intended to support the achievement of the goals of peace, stability, and prosperity. They include moving rapidly towards trade integration with the EU and within the region, fostering social inclusion and social change to reduce tensions, improving institution capacity and governance structures, and investing in regional infrastructure to integrate the region physically within Europe.
