Although most people have rudimentary knowledge on how to get a job, very few spend much time learning how to keep a job. 99 Ways to Build Job Security provides a practical overview of workplace attitudes, practices, and habits that will instill a great work ethic and improve anyone's chances of holding on to a job in a tough economic climate. Gary Nowinski, now a freelance writer and editor, has extensive management and customer service experience in corporations and various industries, including construction and radio/video production. He's experienced layoffs and downsizing several times in his career. Editorial Reviews About the Author Gary Nowinski, now a freelance writer and editor, has extensive management and customer service experience in corporations and various industries, including construction and radio/video production. He's experienced layoffs and downsizing several times in his career. Excerpt. Reprinted by permission. All rights reserved. Introduction In tough economic times, maintaining your job security can be a dicey affair. Employers are constantly looking for ways to save money. Cutting staff is sometimes the first option, but often the last. No matter when it happens, it still hurts. When employers are faced with reducing their staff, they evaluate each employee. They look at work history, attitude, accomplishments, and other factors to decide who stays and who goes. Some layoffs are determined by how long a person has been on the job, but there are times when longevity isn't the deciding factor. More and more companies are taking quality and attitude into consideration. If they have a choice between an experienced employee with poor communication skills and less-than-desirable personal qualities and a less experienced person who is confident, trustworthy, and maintains a professional attitude, who do you think will...
