WHY MEN DON'T LISTEN WOMEN CAN'T READ MAPS: HOW WE'RE DIFFERENT AND WHAT TO DO ABOUT IT (PAPERBACK)

HARMONY, Australia, 2001. Paperback. Condition: New. 1st Broadway Books Trade Pbk. Ed. Language: English . Brand New Book. Have you ever wished your partner came with an instruction booklet? This international bestseller is the answer to all the things you've ever wondered about the opposite sex. For their controversial new book on the differences between the way men and women think and communicate, Barbara and Allan Pease spent three years traveling around the world, collecting the dramatic findings of new research on the brain, investigating evolutionary biology, analyzing psychologists, studying social changes, and annoying the locals. The result is a sometimes shocking, always illuminating, and frequently hilarious look at where the battle line is drawn between the sexes, why it was drawn, and how to cross it. Read this book and understand--at last!--why men never listen, why women can't read maps, and why learning each other's secrets means you'll never have to say sorry again.
