GRIN Verlag Dez 2011, 2011. sonst. Bücher. Book Condition: Neu. 210x148x1 mm. This item is printed on demand - Print on Demand Neuware - Research Paper from the year 2011 in the subject Economics - Case Scenarios, printed single-sided, grade: -, Aligarh Muslim University (Aligarh Muslim University, Aligarh, India), course: Economics, language: English, abstract: International efforts to address gender inequality have largely emphasized education as a means of achieving women's empowerment. Education serves as the conduit by which women, long rooted in the private sphere, move into the public sphere and assert themselves on an equal basis with men. As a springboard to employment and economic independence, advocates say, education provides the critical foundation from which further empowerment flows. It is in this backdrop that the present paper tries to find the relationship between inequality in education and women empowerment. The entire paper is divided into three parts. The first part is introductory that talks about the second and third goal of MDGs which is achieving universal primary education and promote gender equality and empower women respectively with certain indicators to achieve these goals. This part also gives a brief account of the gender inequality in education and employment...
