

Thriving Beyond Sustainability: Pathways to a Resilient Society (Paperback)

Filesize: 7.37 MB

Reviews

I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

New Society Publishers, United States, 2010. Paperback. Condition: New. Language: English . This book usually ship within 10-15 business days and we will endeavor to dispatch orders quicker than this where possible. Brand New Book. Every fifteen seconds on our Earth, a child dies from waterborne disease. Three times an hour, another species becomes extinct. Each day we consume eighty-five million barrels of oil and pump twenty-three million tons of carbon dioxide into an already warming atmosphere. But against this bleak backdrop, beacons of hope shine from thousands of large and small initiatives taking place everywhere from isolated villages to major urban centers. Thriving Beyond Sustainability draws a collective map of individuals, organizations, and communities from around the world that are committed to building an alternative future--one that strives to restore ecological health; reinvent outmoded institutions; and rejuvenate our environmental, social, and economic systems. The projects and initiatives profiled are meeting the challenges of the day with optimism, hope, and results, leading the way in: * Relocalization * Green commerce * Ecological design * Environmental conservation * Social transformation Overflowing with inspiration, the stories and ideas in these pages will cause the most chronic pessimist to see the glass as half full--to move beyond a perception of surviving with scarcity to one of flourishing with abundance. The comprehensive resource section provides the tools for everyone to become a catalyst for change. Andres R. Edwards is the author of The Sustainability Revolution, which has sold over twenty thousand copies. He is an educator, media designer, LEED-accredited green building and sustainability consultant, and the founder of EduTracks, a firm specializing in developing education programs and providing consulting services on sustainable practices. Gold Medal Winner, 2011 Living Now Book Awards, Social Activism.
