Tughra Books, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. The purpose of this case study is to describe the characteristics of a Gulen-inspired School (GIS) in the United States. The study identifies the dynamics of a US based GIS in terms of the school s curriculum, history, educational success, hiring practices, admission processes and networking. In order to understand its unique meaning and significance, interviews and observations were conducted in one GIS located in the northeast region of the United States. Gulen inspired schools are those founded around the world by the volunteers of the Gulen (or Hizmet) Movement. Gulen-inspired schools provide all levels of education (K-12 and college levels) in different educational systems. These schools are inspired by the educational philosophy of Fethullah Gulen, a Turkish-Muslim scholar living in the United States, and numbered around 1,000 in more than 150 countries throughout the world.
