Dodo Press, United Kingdom, 2008. Paperback. Book Condition: New. Illustrated. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. One of the most common defects in the minds of those who are not early subjected to regular discipline is, that they have no perseverance; they begin one thing, and another thing, but never carry anything on to any purpose, and this was exactly the case with Mr. Dymock. Whilst he was in Edinburgh he had thought that he would become an author; some injudicious persons told him that he might succeed in that way, and he began several poems, and two plays, and he wrote parts of several treatises on Mathematics, and Physics, and Natural History; the very titles of these works sound clever, but they were never finished.
