AuthorHouse. Paperback. Condition: New. 152 pages. Dimensions: 10.8in. x 8.0in. x 0.3in. Most beginning bridge books are written by truly gifted experts who have long forgotten what it was like to be a beginner. This book is unique in that the author was a real recent beginner when writing this book and knew how to convert bridge-speak into language a beginner can understand. The books format is specifically designed for a beginner, with three separate sections within each major chapter: a narrative that explains the specific bridge skill that is introduced; a matrix that summarizes the guidelines discussed in the narrative; and, lastly, a series of quizzes which include solutions and a lessons learned section that transcends the specific problem. Perhaps the biggest challenge for a beginning bridge book is the narration of all...
