

How Children Learn to Write: Supporting and Developing Children's Writing in School (Paperback)

Filesize: 6.6 MB

Reviews

These kinds of publication is everything and made me hunting ahead of time and more. I have got read through and i also am confident that i am going to gonna study yet again yet again later on. Its been printed in an extremely basic way in fact it is only after i finished reading this pdf in which in fact transformed me, alter the way i believe.

SAGE Publications Inc, United States, 2002. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.`This book is a useful addition to any staff library. What makes it different to many other similar books is that it shows teachers that speaking, listening and reading create the foundations for writing. Tested in schools, staff said: It is a very useful framework for action-research based upon secure theory. When deciding classroom strategies, it is easy to find what you are looking for and the chapter summaries are very helpful. Some of the staff development and training suggestions are very practical and we are trying them out. We found the emphasis upon class novels and the class discussion that follows, very important, especially when linked to the excellent examples of children s writing. This book may appear to some as theoretical and academic , but this is why it will be valuable. It does what the title says because it shows how children learn to write. It starts at the beginning and saves diving into the latest trend. Perhaps its best recommendation is that every school that was asked to look at it said, `It s good and we have ordered a copy - John Lilly, independent education consultant `The chapter on the Taxonomy of Writing Purposes will be useful for planning and those on extending and enhancing writing will definitely be helpful in many day-to-day situations - Nicholas Bielby, Times Educational Supplement This book outlines the processes which are involved when children learn to write. The author shows how certain strategies can improve children s progress in writing. Dealing with the age range three to 13, the book addresses issues to do with: - the gender gap - children with English as an additional language - left-handedness Dorothy...
