Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Plane Geometry by the Suggestive Method Tms book is designed for the use of beginners in geometry in second ary schools, and has been used for several years in a simpler form by the teachers of mathematics in the Somerville (mass) English High School. N o attempt has been made to depart in the least from the subject-matter given in the regular Euclidian geometries; the variation from the well-known texts has been more in regard to the presentation of the theorems and the method of development. To those teachers who feel the need of a book intermediate in treatment between a sylla bus and a geometry of completely demonstrated theorems, this work is confidently submitted. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
