University Of Chicago Press. Paperback. Book Condition: New. Paperback. 385 pages. Dimensions: 9.0in. x 6.0in. x 0.9in. Leonard Meyer proposes a theory of style and style change that relates the choices made by composers to the constraints of psychology, cultural context, and musical traditions. He explores why, out of the abundance of compositional possibilities, composers choose to replicate some patterns and neglect others. Meyer devotes the latter part of his book to a sketch-history of nineteenth-century music. He shows explicitly how the beliefs and attitudes of Romanticism influenced the choices of composers from Beethoven to Mahler and into our own time. A monumental work. . . . Most authors concede the relation of music to its cultural milieu, but few have probed so deeply in demonstrating this interaction. Choice Probes the foundations of musical research precisely at the joints where theory and history fold into one another. Kevin Korsyn, *Journal of American Musicological Society* A remarkably rich and multifaceted, yet unified argument. . . . No one else could have brought off this immense project with anything like Meyers command. Robert P. Morgan, *Music Perception* Anyone who attempts to deal with Romanticism in scholarly depth must bring to the task not only musical and historical expertise but unquenchable optimism. Because Leonard B. Meyer has those qualities in abundance, he has been able to offer fresh insight into the Romantic concept. Donal Henahan, *New York Times* This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
