

American Machinists Handbook: And Dictionary of Shop Terms, a Reference Book of Machine Shop and Drawing Room Data, Methods and Definitions (Classic Reprint) (Paperback)

By Fred H Colvin

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. American Machinists Handbook, And Dictionary of Shop Terms is the work of author Fred H. Colvin and Frank A. Stanley, co-editors of the publication American Machinist. This book is intended to be the ultimate reference book for machinists and shop workers. Colvin and Stanley set out to create a reference book that could sit in the shops of machine workers and be referred to whenever a question or challenge arose. As such, the scope of this work is immense. The book is divided into sections, each of which focuses on a specific topic. Examples of sections include screw threads, pipe and pipe threads, work benches, soldering, milling and milling cutters, punch press tools, tapers and dovetails, shop and drawing room tools, steel and other metals, and several more. Each section goes into a great level of depth on the subject, and plenty of illustrations and tables are presented alongside the text to better assist the reader. The book concludes with a short dictionary of shop terms, as well as a detailed index. The authors are clearly experts in their field, and have created...
