University of Minnesota Press, United States, 2014. Paperback. Book Condition: New. 173 x 124 mm. Language: English . Brand New Book. Reinhold Martin's *Mediators* is a series of linked meditations on the globalized city. Focusing on infrastructural, technical, and social systems, Martin explores how the aesthetics and the political economy of cities overlap and interact. He discusses a range of subjects, including the architecture of finance written into urban policy, regimes of enumeration that remix city and country, fictional ecologies that rewrite biopolitics, the ruins of socialism strewn amid the transnational commons, and memories of revolution stored in everyday urban hardware. For Martin, these mediators the objects, processes, and imaginaries from which these phenomena emerge serve to explain disparate fragments of a global urbanity. *Forerunners: Ideas First* is a thought-in-process series of breakthrough digital publications. Written between fresh ideas and finished books, *Forerunners* draws on scholarly work initiated in notable blogs, social media, conference plenaries, journal articles, and the synergy of academic exchange. This is gray literature publishing: where intense thinking, change, and speculation take place in scholarship.
