LECTURES ON ETHICS, 1900-1901 (PAPERBACK)

Southern Illinois University Press, United States, 2008. Paperback. Condition: New. Revised. Language: English . Brand New Book. In Lectures on Ethics, 1900-1901 , Donald F. Koch supplies the only extant complete transcription of the annual three-course sequence on ethics John Dewey gave at the University of Chicago. In his introduction Koch argues that these lectures offer the best systematic, overall introduction to Dewey's approach to moral philosophy and are the only account showing the unity of his views in nearly all phases of ethical inquiry. These lectures are the only work by Dewey to set forth a complete theory of moral language. They offer a clear illustration of the central methodological questions in the development of a pragmatic instrumentalist ethic and the actual working out of the instrumentalist approach as distinct from simply presenting it as a conclusion.
