Reviews

Most of these pdf is the best book readily available. It usually is not going to expense a lot of. Its been printed in an exceedingly easy way which is only soon after i finished reading this publication in which actually transformed me, change the way i really believe.
(Hadley Haag)

Forgotten Books, 2017. Paperback. Condition: New. Language: French . Brand New Book ***** Print on Demand *****. Excerpt from Revue Generale de l Architecture Et des Travaux Publics, 1841, Vol. 2: Journal des Architectes, des Ingenieurs, des Archeologues, des Industriels Et des Proprietaires Ces faits sont demontres dans plusieurs lettres qui ont ete adressees a M. Gau. Et dont nous nous empressons de reproduire des extraits pour appeler l attention des architectes sur cette question importante de construction. Nous esperons que Mes sieurs de la commission se laisseront persuader d abandonner une theorie qui les amenerait a creer a grands frais les moyens de precipiter la destruction des monuments. L emploi du fer se rencontre tres-rarement dans les construc tions des edifices gothiques des premieres epoques; mais. Au fur et a mesure que les formes de cette architecture se sont allegees, on a ete parfois conduit a l emploi du fer pour augmenter la resistance des parties, ou dans l espoir de prevenir les effets des tassements ou autres causes de deversement, dont les moindres auraient pu occasionner de serieux accidents dans ces monu ments decoupees et perces a jour dans tous les sens. Mais ces monuments appartiennent a l epoque du declin de l art ogival, et, comme si le mensonge devait rencontrer en lui-meme sa punition le fer. Destine a consolider ces edifices. N a servi que trop souvent a hater leur destruction, par suite de sa sensibilite aux influences atmospheriques.
