

The Nose, Throat and Ear, Their Functions and Diseases: A Treatise Upon the Breath-Road, Food-Road, and Accessary Organs (Classic Reprint) (Paperback)

Filesize: 7.26 MB

Reviews

This ebook could be well worth a study, and superior to other. It really is basic but unexpected situations inside the 50 % of your ebook. Once you begin to read the book, it is extremely difficult to leave it before concluding.
(Prof. Buford Ziemann)

THE NOSE, THROAT AND EAR, THEIR FUNCTIONS AND DISEASES: A TREATISE UPON THE BREATH-ROAD, FOOD-ROAD, AND ACCESSARY ORGANS (CLASSIC REPRINT) (PAPERBACK)

DOWNLOAD PDF

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Nose, Throat and Ear, Their Functions and Diseases: A Treatise Upon the Breath-Road, Food-Road, and Accessary Organs A number of text books have been published, both here and abroad. Much credit is due to their authors for fidelity and industry in collecting facts and, in some cases, for elaborate and instructive illustrations, anatomical and surgical. In the matter of systematic arrangement these works are open to criticism. In some of them logical plan is so completely ignored, that the order of chapters in the table of contents might be reversed, without affecting the value of the book. Even the various sections of a single chapter may be as separate and independent as the articles by different writers collected in some encyclopaedia of medicine. These books are indeed storehouses; but much like the freight room of a railroad, they contain articles of the most diverse character heaped together indiscriminately. The reader, striving to memorize the valuable truths presented, lacks altogether the aid of sequence and association and, unless specially gifted, he will forget more than he retains. In composing the following book, I have taken as my basis a few anatomical facts, which together with their physiological relations underlie the normal condition of the part of the body. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
