

Report on the Subject of Manufactures Cosimo Classics Economics

By Alexander Hamilton

Cosimo Classics. Paperback. Condition: New. 84 pages. Dimensions: 8.8in. x 5.9in. x 0.3in. On December 5th, 1791, Alexander Hamilton, then the first U. S. Secretary of the Treasury, delivered to the House of Representatives a speech on the state of the economy of the young nation, and the best ways to promote it. This sixth edition, published in 1827, features two prefaces that place in context this groundbreaking treatise. Quite literally a foundational document of the United States, Hamiltons philosophy heartily endorses industrial subsidies and trade tariffs and embraces immigration and new technology. It established the underpinnings of the American economy for a century, and more. A towering figure of 18th-century history, American Founding Father ALEXANDER HAMILTON (1755-1804) was one of the new nations first constitutional lawyers. As one of the authors of the Federalist Papers, which interprets the intent of the United States Constitution, his legal writings continue to be consulted and even revered today. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
