Brand New Book ***** Print on Demand *****.Archaeologist Art West makes the discovery of a lifetime in Jerusalem finding the tombstone of Lazarus, which indicates that Jesus raised him from the dead. But before he can make public his amazing discovery, the stone is stolen, sold to the British Library, and West is implicated in an antiquities fraud that will lead to a trial. West's Jewish and Muslim friends in Jerusalem rally to support West's innocence and to help find the thief who stole the stone, but then West is shot and in critical condition in a Jerusalem hospital. Can the truth be discovered in time, and West's life be saved? And what was on that Aramaic scroll that was found in Lazarus's coffin? In this fast-paced thriller, Ben Witherington, himself a NT scholar with a degree in English literature, together with his wife, Ann, introduces us to the life of an archaeologist and NT scholar and his trials and tribulations when a big find comes to light. Set in the always volatile city of Jerusalem, the Witheringtons reveal the fascinating hidden dimensions of multi-religious life in that Holy Place, and show how even today Christians, Jews, and Muslims can work together so the truth may come to light, and all may experience the Lazarus Effect -new life from the dead. There's no thriller quite like an archaeological thriller, and when we find ourselves in a biblical mystery, the suspense and the drama are especially delicious. Set against the intense, exotic, and vivid backdrop of modern Israel, yet delving into the deepest mysteries of the time of Christ, The Lazarus Effect won't fail to entertain and inform. Highly recommended. -Anne Rice, NY...
